JOB OFFER

For ambitious development plan of its Performance Management business and specifically:

- Oracle **FCCS** implementations: Statutory and Managerial Consolidated financial statements;
- Oracle **PBCS** implementations: Planning & management reporting; ESG sustainability reporting;
- Implementation of Oracle **EPRCS**: statutory and management reporting
- **Migration** from on-premise systems to EPM Cloud systems;
- User **training** and assessment in EPM tool use and engagement.

Experlab is looking for:

- 2 senior consultants
- 1 marketing & back office professional.

No.2 senior consultants profile:

- ✓ At least 4-5 years' experience on Oracle EPM projects in Finance processes listed above;
- ✓ Strong interest for financial statements and management control;
- ✓ Passion for technology and testing and releasing solutions;
- ✓ Strong interest in new sustainability reporting topics;
- ✓ Autonomy and ability to self-organize work;
- ✓ Passion for management consulting;
- ✓ Entrepreneurial mentality.

No.1 Marketing / Back-office profile:

- ✓ Ability to organize seminars and events in person and/or online;
- ✓ Networking and promotion skills;
- ✓ Organizational and work planning skills.

All resources are interested in carrying out charitable and/or corporate volunteering activities.

Full time permanent contract for the two senior resources and part time for the back-office professional.

Fixed compensation, variable bonus, long-term loyalty to the development of EXPERLAB, career paths aimed at a horizon of responsibility for the EPM Business Unit and participation in the business activity.

Place of work:

- Milan centre;
- At customers' sites;
- Smart working.

Curriculum and motivation / introduction letter to the attention of Stefano Francese, e-mail: s.francese@experlab.it
